

Simple Flapping Butterfly As Storigami

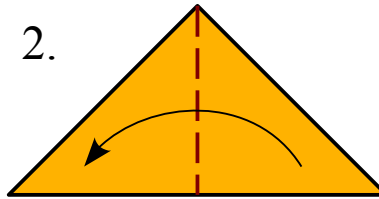

Story by Wensdy Whitehead

Recommended Paper: 6-9" (15cm) kami or copy paper depending on how far away the audience is.

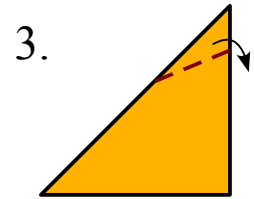

The other day I went hiking up a mountain.

Fold a mountain.

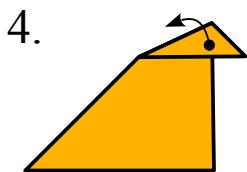

Halfway up the mountain...

Fold in half.

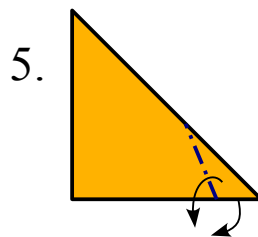

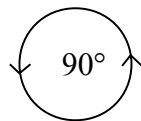

...I tripped on a rock and fell down.

Pre-crease.

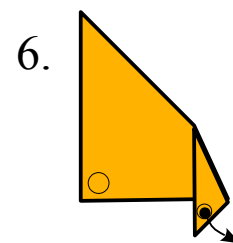

The rock rolled into a clump of wildflowers and disappeared.

Unfold. Rotate.

There was a butterfly among the wildflowers...

Outside-reverse (hood) fold.

...but the rock startled it and it flew away.

Flap the butterfly.
