| $\square$ |
| $\square$ |
| $\square----\rightarrow-\sigma$ |
|  |

6.

8.

9.

10.

12.

Rabbit-ear. Leave the ear upright.

Shovel fold. (Pick up raw and folded edges on the center line and open, passing through a shape that looks like the scoop of a shovel. If you turn the model over while doing this, be sure to turn it back for the next step. These diagrams hold the model in place while the shovel folds flip back and forth.)

Pleat.

New view.

Interleave layers to form a loop. Overlap by about 2 squares.
21.

Peek inside the middle.

Bend the ends around.

Round the circle.

Lean the arrow to the right.

Done!
