- 

Pre-crease.
- 

2 rabbit-ears. Leave the ears upright.
- 
- 

Close up, pulling out the triangles.
- 

Shovel fold. (Pick up raw and folded edges on the center line and open, passing through a shape that looks like the scoop of a shovel. If you turn the model over while doing this, be sure to turn it back for the next step. These diagrams hold the model in place while the shovel folds flip back and forth.)
